TERMS OF REFERENCE

BID STRATEGY

TERMS OF REFERENCE FOR THE APPOINTMENT OF A PROFESSIONAL SERVICE PROVIDER TO REVIEW THE PROVINCIAL SPATIAL DEVELOPMENT FRAMEWORK-2020.

1. PURPOSE

The purpose of these terms of reference is to invite a suitable and competent service provider to assist the Eastern Cape Department of Cooperative Governance and Traditional Affairs (COGTA) to review the Eastern Cape Provincial Spatial Development Framework – 2020.

2. BACKGROUND

2.1. The Spatial Planning and Land Use Management Act (SPLUMA) (Act 16 of 2013) clearly differentiates the powers and functions, in terms of spatial planning, for the three spheres of government in terms of preparing Spatial Development Framework (SDFs). The Act also provides clear guidance and prescripts as to the content and process of the plans for the preparation of such plans at all three spheres of government.

2.2. The Provincial Spatial Development Framework was prepared and approved in 2020 by the Provincial Executive Committee (EXCO) but it was noted that the Plan was not fully SPLUMA compliant. The previous PSDF was aligned to the Provincial Development Plan (PDP) but lacked alignment with the Spatial Planning and Land Use Management Act. In 2023 there has been the promulgation of the National Spatial Development Framework (NSDF) that has come with new changes that call for immediate spatial reconfiguration of the Provincial Spatial Development Framework.

A PSDF has a five (5) year planning horizon aligned with the term of office of provincial government and the MTEF. SPLUMA (Section 15 (5)) requires a review of the PSDF every 5 years.

3. OBJECTIVES OF THE PROVINCIAL SPATIAL DEVELOPMENT FRAMEWORK

A Provincial Spatial Development Framework (PSDF) is a tool for spatial transformation and development at a provincial level. It outlines a strategy for the desired future within the existing

REFERENCE NUMBER: SCMU7-24/25-0008

policy framework and based on an in-depth understanding of spatial challenges and opportunities that characterise the province. Objectives of the project are as follows:

- 3.1. To incorporate provincial spatial changes brought about by the National Spatial Development Framework (2023), the Karoo (2023) and the Eastern Seaboard Regional Spatial Development Framework(s).
- 3.2. Review and develop Provincial Strategies taking into consideration outcomes of the 2022 census.
- 3.3. Due to climate change and the risk assessment study conducted by the department, incorporate climate mitigation strategies and provide for guided development in affected areas within the province.
- 3.4. To identify corridors of growth and towns with potential to anchor Economic Development within the province.
- 3.5. To support service delivery through spatial reconfiguration and critical infrastructure investments.
- 3.6. Provide a clear provincial economic spatial matrix to address under-development in certain parts of the province (Spatial targeting).
- 3.7. Incorporate the provision of the Smart Cities Framework (2021) within the spatial strategies and proposals.
- 3.8. Amplify the Integrated Urban Development Framework (IUDF) principles spatially in targeted municipalities within the province.
- 3.9. Through multi-stakeholder involvement create a spatial master plan to guide development within the province.
- 3.10. To consider the Eastern Cape Small Town Development Framework (2020-2030)
